Cover photo: More than 100 children who experience blindness or vision impairment attended our second annual inclusive carnival in May of 2023 at South Meadows Middle School in Hillsboro. Among the participants was Elwin, a sophomore from Tualatin High School, who partook in the festivities along with his mom and little sister. Elwin shared that he really enjoyed listening to the local mariachi band, participating in the treat trot and connecting with friends.

Service Highlights

Through the local service plan and grant-funded services, NWRESA partners with school districts in dozens of ways. This summary sheet provides a few of the highlights from our partnership with Astoria schools.

Financial Highlights

- \$18,727 in funds leveraged through Medicaid Administrative Claiming during the 2022-23 school year
- \$367,679 awarded in the 2022-23 school year through a combination of regional and district-specific competitive grants and state contracts, including a \$109,200 Preschool Promise grant.

Early Learning

- 39 babies and young children enrolled in Early Intervention/Early Childhood Special Education (EI/ECSE) (Oct. 2023)
- 71 babies and young children evaluated for eligibility to receive EI/ECSE services (July 2022 to June 2023)

Instructional Services

PROGRAM PARTICIPATION:

- 9th Grade Success Network
- Career and College Readiness
- Early Literacy Supports
- English Language Learner Consortium
- Instructional Coaching Network
- Integrated Guidance Supports
- Migrant Education Program (MEP)
- Multi-tiered Systems of Support (MTSS)
- Northwest Regional Educator Network
- Northwest Regional Outdoor Science School
- School Safety and Prevention System
- STEM (Science Technology Engineering & Math) Hub

K-12 Special Education

12

staff support the district in specialty areas that include augmentative and alternative communication, assistive technology, autism, deaf/hard of hearing teachers, occupational and physical therapy, school psychology, speech-language pathology, and teachers of the visual impaired (as of fall 2023).

- Technology Support Cooperative: Helpdesk, Purchasing

Story time!

About 70 instructional coaches gathered at our Washington Service Center in May 2023 to close out their year of professional learning with our Instructional Coaching Network. The group heard from coaching expert and co-author of “The PD Book” Lori Cohen. Lori shared about the importance of celebrating successes even when things seem hard. She encouraged the coaches to nurture and nourish their personal and professional selves amid obstacles.

“Coaches play multiple roles in their districts,” says Instructional Coaching Network lead Naheed Brown. Their roles and responsibilities are vital and complex.

Story time!

NWRESD has been collaborating with Junior Achievement for about a year on this expansion to the westside, which expects to host 12,000 students every school year. BizTown is a combination in-class finance literacy and careers curriculum and simulated leadership development experience for students in fourth, fifth or sixth grades.

“We’re excited to partner with Junior Achievement to expand access to BizTown to children across all four counties in our region,” says Megan McCarter, chief academic officer.

Story time!

At the beginning of the 2022-23 school year, Northwest Regional Education Service District launched a new playgroup at its early childhood centers in Washington County. Most of the children receiving services are considered neurodivergent, meaning they have autism, attention deficit hyperactivity disorder or other related conditions.

"I really think kids learn better from their peers than they do from adults," said Mallory Berry, a Friends and Me early childhood education specialist at the Beaverton Early Childhood Center. "Our job as teachers is to facilitate a fun and safe learning environment where all children have the opportunity to learn and grow."

Story time!

In April 2023, our Career and College Readiness team co-hosted a career fair for Columbia County high school students at Portland Community College's OMIC Training Center in Scappoose. More than 150 students from Clatskanie, Rainier, Scappoose, St. Helens and Vernonia participated.

The fair featured more than 40 employers that offer high-wage, in-demand and skilled careers in advanced manufacturing, construction, health care and first response. Students also had a chance to hear directly from State Treasurer Tobias Read who shared his career journey and information about career pathways and opportunity in the State of Oregon.

Story time!

It's usually classroom teachers who receive nominations for Oregon's Teacher of the Year. But not all teachers lead classrooms. So it came as a surprise to Carissa Martos when she was named one of the 2024 Regional Teachers of the Year in September 2023.

"She has taught my daughter how to lead, teach and train every type of person around her about her disability," says Lisa Bosotina, the mother of a 10-year-old who has worked with Carissa since she was a preschooler. "The self-respect she emphasizes within her students is remarkable," Lisa says.

Story time!

Northwest Regional Education Service District has made it a priority to partner with local preschools and support child care providers as they work to make their classrooms more inclusive for every student.

Sabi Velasco, the owner and founder of Amazing Minds, is one of these partnership preschools. Velasco runs two child care centers in Washington County with her daughters Yesenia Flores and Saray Flores.

“This partnership was natural from the beginning,” says Jenny Youngblood, an early childhood education specialist, who visits the preschool several times a month to provide special education services to children and help the child care providers navigate challenges and celebrate successes.

Story time!

Recently released data from the Oregon Department of Education shows that attendance is the worst it's been in decades. Lori Dilbeck, the principal of Neah-Kah-Nie Middle School saw **attendance increase** for sixth and seventh graders between the 2021-22 and 2022-23 school years.

Lori says the NWRESD attendance specialists inspired her to shift her school's attendance practices so they would be less punitive and more collaborative. The school also encourages school wide conversations to raise awareness of the importance of good attendance. "In addition, every student in our building has created an attendance goal for the year," Lori says. "Students check their attendance each week and fill in any absences on the attendance tracker sheet."

Story time!

NWRESD has been collaborating with Junior Achievement for about a year on this expansion to the westside, which expects to host 12,000 students every school year. BizTown is a combination in-class finance literacy and careers curriculum and simulated leadership development experience for students in fourth, fifth or sixth grades.

“We’re excited to partner with Junior Achievement to expand access to BizTown to children across all four counties in our region,” says Megan McCarter, chief academic officer.

Story time!

In April 2023, our Career and College Readiness team co-hosted a career fair for Columbia County high school students at Portland Community College's OMIC Training Center in Scappoose. More than 150 students from Clatskanie, Rainier, Scappoose, St. Helens and Vernonia participated.

The fair featured more than 40 employers that offer high-wage, in-demand and skilled careers in advanced manufacturing, construction, health care and first response. Students also had a chance to hear directly from State Treasurer Tobias Read who shared his career journey and information about career pathways and opportunity in the State of Oregon.

Story time!

The Scappoose School District has the highest percentage of third graders reading at grade level in the NWRESA region.

"We know that a teacher's beliefs about their students and what they can achieve have a substantial impact on student learning and progress," says Jen Stearns, the director of student achievement in Scappoose. "The elementary learning community thrives because our students and teachers are goal-oriented, we celebrate progress toward targets, and applaud all stakeholders for the attainment of goals."

Story time!

About 70 instructional coaches gathered at our Washington Service Center in May 2023 to close out their year of professional learning with our Instructional Coaching Network. The group heard from coaching expert and co-author of “The PD Book” Lori Cohen. Lori shared about the importance of celebrating successes even when things seem hard. She encouraged the coaches to nurture and nourish their personal and professional selves amid obstacles.

“Coaches play multiple roles in their districts,” says Instructional Coaching Network lead Naheed Brown. Their roles and responsibilities are vital and complex.

Story time!

In May 2023, we caught up with Laura Kintz, the associate director of teaching and learning in the Tigard-Tualatin School District, to ask what a year with our instructional coaching network has been like.

"We are all apt to learn if we are open and we are all feeling safe. If you box people in, they're like 'ooh, I gotta get it right.' We don't want to do that. We want to really open them for learning, for possibility, for new ideas."
